

A brief history of the Allen Park Housing Commission

The Allen Park Housing Commission was created by ordinance on November 10, 1964 after the third and final reading was adopted unanimously by the Allen Park City Council.

- In September of 1965 the program was approved by HUD.

- On Wednesday, April 02, 1969 the Honorable William D. Ford entered the recognition of Federal Funding into the Congressional Record after taking to the floor of the House of Representatives as our Congressman:

“Mr. Speaker, exclaimed Ford, I would like to bring Allen Park’s plans to the attention of my colleagues to show them how a typical American city is utilizing one of our authorized programs to meet their specific needs of providing low-cost housing to the community’s elderly residents!”

Dedication Ceremony

In 2009, Commissioner Hackney awarded Tony Foresi and Sal Scarpace with recognition plaques on behalf of our residents and the APHC Board.

Both men were the last living gentlemen from the original ground breaking picture, they have since passed.
